

Kavala Williams

Kavala comes to us with a strong background in client services and public relations.

Her past work experience includes major event co-ordination, marketing and sponsorship accumulation.

But most recently her time with Virgin Blue airlines has taught her conflict resolution and top customer service skills.

Kavala lives in and loves the Redcliffe Peninsula and has a passionate interest in local real estate. She is a happily married mother of two. Motherhood, she feels, has definitely taught her humility and also the ability to multi-task!
